Opis produktu

SBS 834 LS motocyklowe klocki hamulcowe komplet na 1 tarczę TYŁ HONDA CBR600/1000, SUZUKI GSX-R600/750/1000/, YAMAHA R1

Klocki LS serii STREET EXCEL to połączenie doskonale dozowanej wolnej od efektu fadingu siły hamowania. Wykonane ze spieków metali. Klocki sprawdzają się doskonale we wszystkich sytuacjach gdzie niezmiernie ważne jest płynne i szybkie zatrzymanie. Szybko odprowadzają ciepło i nie tracą swoich właściwości pod wpływem temperatury jednocześnie są kompromisem pomiędzy maksymalnym współczynnikiem tarcia a minimalnym zużyciem tarczy hamulcowej. Należy używać wyłącznie do zacisków tylnego koła.
